

## ***Congratulations on finding your dream home!***

*Now it's time to put down some roots with the most beautiful landscape on the block. Surround your new home with your dream garden...one that reflects the wonder of you.*

*XXX is dedicated to bringing your vision into full bloom. Our consultants apply their ever-growing knowledge and skills with passion to transform your desires into an exquisite design that will give your home a whole new look, and you a whole new look on life.*

*We welcome you to participate in each stepping stone along the way, or you can leave all of the details to us. We're experts at things like cultivating that perfect balance between sun and shade, climate control, perennials vs. annuals, and drought tolerance.*

*Selections are hand-picked to capture your individuality and complement the environment. Fountains. Topiaries. Verandahs. Water ponds. Let us create a natural extension to your living space that's the ideal setting for a garden party, or to simply relax and take in the scenery at the end of a long day. If your taste borders on the exotic, we can even deliver a tropical paradise exploding with color.*

*Don't have a green thumb? Not to worry. A maintenance program, complete with hands-on training, is included with your installation. With XXX, your dream garden won't just survive, it'll thrive! And, if you ever decide to branch out, we'll be happy to grow along with you.*

*It's your dream. Call us today at (xxx) xxx-xxxx and make it come alive!*

***P.S. If you call by xx, you'll receive a free soil sample. Come on, let yourself grow.***
