

If Your Heart Fails, Mease Dunedin Hospital Won't

Quality health care takes unwavering dedication, constantly raising the bar and measuring performance against higher standards. At Mease Dunedin Hospital, we're setting the standards for excellence. In fact, our top-notch treatment for heart failure just earned national honors.

Mease Dunedin Hospital beat over nearly 400 hospitals nationwide for the Premier Award for Quality™. What makes this award different? Winners had to prove they provided better quality care while lowering costs. The end result—everybody's a winner. They also found us

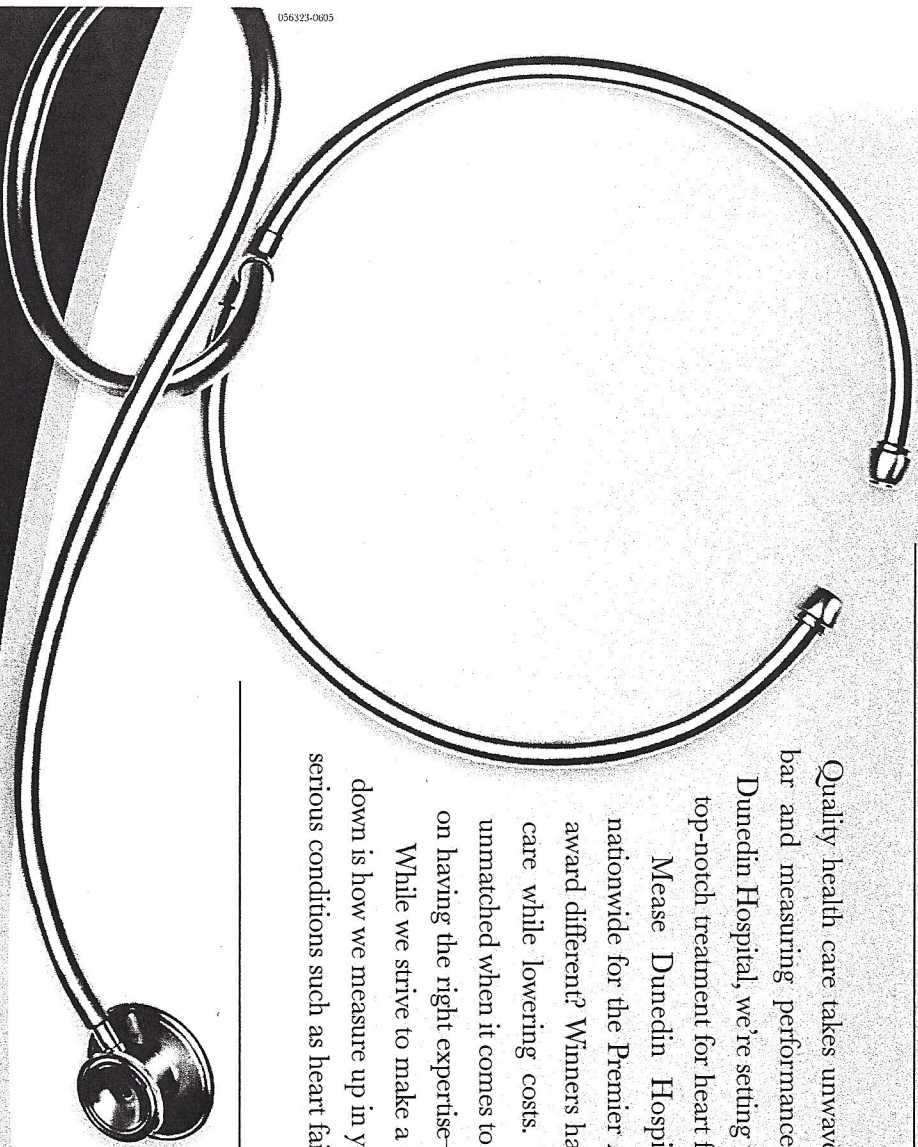

unmatched when it comes to efficiently matching resources to patient needs, so you can count on having the right expertise—when you need it.

While we strive to make a difference in everything we do, what matters when the sun goes down is how we measure up in your eyes. So, breathe a little easier knowing that, should you face serious conditions such as heart failure, you're in the hands of an industry leader with real heart.
