

***Sick?***

***On vacation?***

***Forget your  
checkbook?***

---

You can still tithe  
***AUTOMATICALLY.***

Electronic tithing is  
good for you,  
your church,  
even the environment.

---

- You choose how much to give and how often.
  - Give conveniently from your debit, credit, checking or savings.
  - Show your faith consistently, even when you can't be there.
  - Take care of daycare or school fees electronically, too.
  - Keep our planet safe by reducing paper.
- 

***It's easy. It's safe.***

***It's automatic.***

Find out if your church offers electronic tithing. If not, have them call Gulf Management Systems today at

---

***Experience the real  
power of giving.***
