Subject: GMS looks forward to seeing you at the Magic Kingdom

Gulf Management Systems

Experience a Direct Deposit solution that's a dream come true.

Once upon a time, there was an affordable Direct Deposit solution you could count on. GMS looks forward to sharing these details and more with you later this week at the CFO Today Annual Conference in Walt Disney World, Florida.

It only looks like magic.

GMS understands the uncertainty that surrounds you in these increasingly challenging times. We make it our business to help you mitigate risk while providing you with solutions that help you strengthen your relationships with clients. How do we do that?

- **Personal attention**--You're much more than just a number. You're the reason we exist. We value integrity above lengthy, complex contracts.
- **Flexibility**--Things happen. When you're pushing a deadline or run into a snag, we give you the breathing room you need to be a hero with your clients.
- **Proactive error resolution**--The best time to take care of a problem is *before* it's a problem. We're experts at spotting errors, adjusting files, whatever it takes to submit files correctly--the first time.
- **Many happy returns**--Get options that help you stay in control while minimizing the impact of returns.
- **Big-picture perspective**--Find solutions that work for everyone involved. That's the way to build a solid reputation.

Happy endings are great, but we see it as just the beginning of a mutually rewarding relationship.

Direct Deposit that works. It's no fairy tale when you choose GMS.

**We look forward to seeing you in Orlando! Can't wait?
